*"Have a voice, Stand out, Set your goals, Be prepared, and Get to Work!" Is a quote that I would like to instill within both of the student body and faculty. It means to not only have a voice but use it to accomplish and set your goals. To stand out amongst others, so that you can be the one to redirect the crowd! Be prepared for the successes and failures of your goals and accept them as the same to grow and learn but to also get and put in the work in order to accomplish your goals."*

JPS Cadet of the Year**

### One idea that turned out better than we expected

Professional capacity has improved. Administration and teachers have become masters in implementing technology and utilizing online learning platforms to create engaging and meaningful lessons for all students.
